

REMARKS

Claims 1-85 are pending in the present application. Claims 1-54 have been cancelled leaving claims 55-85 for examination at this time. Claim 82 has been amended to correct the dependency.

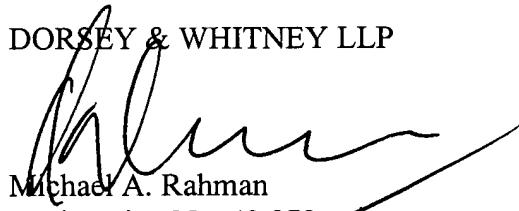

In the Office Action dated August 16, 2004, claim 82 was objected to because claim 82 depends from claim 27, which was cancelled. Claim 82 has been amended to change the dependency to a pending claim. Applicant believes that this objection has been overcome.

Claims 55-85 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-53 of U.S. Patent No. 6,714,460. A terminal disclaimer, disclaiming the terminal part of U.S. Patent No. 6,714,460, is being submitted with this response. Applicant believes that this rejection has been overcome.

All of the claims remaining in the application are now clearly allowable. Favorable consideration and a timely Notice of Allowance are earnestly solicited. The Examiner is encouraged to contact the undersigned attorney at (206) 903-8813 should any questions remain.

Respectfully submitted,
